Open Position

Call for Application

for a PhD Position at the Industrial Mathematics Institute of the Johannes Kepler University Linz within the [Special Research Program (SFB) "Tomography Across the Scales"](#).

We invite application for a doctoral position in Applied Mathematics with a focus on Applied Mathematics, Inverse Problems and Programming. We are looking for an ambitious PhD student holding a master degree in Mathematics or in a closely related field.

The position is based on regular working contracts including social security, starting from 1.10.2023 at the earliest. Remuneration is based on the [salary scheme of the Austrian Science Fund](#) (FWF).

Your application should be written in English and sent by e-mail to Elisabeth Hager, containing a single pdf file as attachment with

- the curriculum vitae,
- copies of a master certificate, or equivalent,
- a study track record,
- optional: recommendation letters,
- a statement of the scientific interests related to the offered project

Applications can be submitted anytime. The selection process starts in September 2023.

We encourage in particular applications by female candidates.

Questions on the projects: [Prof. Ronny Ramlau](#)

Send your application to Elisabeth Hager, elisabeth.hager@indmath.uni-linz.ac.at
